Product Safety Recall

Rothenberger and Super Ego MAP/Pro Gas Cylinders

Manufactured in the USA by Worthington Cylinders
Batch numbers other than those commencing W10L or higher
(Batch no appears on baseplate of cylinder)

Sold at various plumbing and refrigeration merchants and other industrial outlets

Defect Complete shut-off of cylinder valve may be delayed for some minutes following removal of hand/brazing torch from the cylinder

Hazard Defect will result in leakage of gas from cylinder creating a risk of fire or explosion

What to do Consumers should immediately stop using the cylinder and any torch to which the cylinder is attached. Any partially used cylinders should immediately be vented/purged outdoors in a well ventilated remote area in accordance with standard industry safety procedures. Emptied and new/unused cylinders should be returned to the place of purchase for replacement or full refund of the purchase price.
