**Sold by Mighty Ape through online sales platforms including  
Mighty Ape Australia, eBay and Amazon  
between 14 September 2018 and 6 December 2019**

**Defect** The products do not comply with the requirements of the mandatory standard 'Trade Practices Act 1974 - Consumer Protection Notice No.6 of 2004 - Consumer Product Safety Standard: Pedal Bicycles: Safety Requirements.'

The bicycles may have the handlebar brakes installed on the incorrect sides. The bicycles are not marked with a New Zealand or Australian importer address. The bicycles' wheel reflectors are not the correct colour.

**Hazard** There is an increased risk of an injury to the rider.

**What todo** Mighty Ape Australia will contact consumers via email to arrange for a repair kit to be sent out. Consumers should check the arrangement of the handlebar brakes. The front brake should be on the right side and the back brake on the left side. If the brakes are the wrong way around, Mighty Ape will arrange for a qualified technician to repair the bicycle, free of charge.

**Contact details** Consumers can contact Mighty Ape Australia by email at [orders@mightyape.com.au](mailto:orders@mightyape.com.au), via the website contact form or web chat, or via Facebook or Instagram.

**See [productsafety.gov.au](http://productsafety.gov.au) for  
Australian product recall information**
