

Product Safety Recall

**3M™ Secure Fit™ Eyewear SF201AF-AS, Lot 14192,
Sold from 15 August 2014 to 31 March 2015**

Defect: May not provide impact resistance due to sporadic temple (arm) breakage issues.

Hazard: Potential eye injury.

What to do: Check eyewear packaging (plastic bag) for the affected Lot number (14192), which is located on the bottom right corner of the packaging label, below the barcode. If your product:

- Has Lot number 14192, or
- If the Lot number cannot be identified, and product was purchased after 15 August 2014,
Immediately cease use and return to place of purchase for replacement or full refund.
