

Product Safety Recall

VUE 10.1" PORTABLE DVD PLAYER

(Model number: VUESPD1020)

(Serial numbers: VUESPD102082011000001 to VUESPD102082011001000)

Sold by WOW Sight & Sound between August 2011 and February 2012

Defect: Battery may overheat if left plugged in for long period of time. This only applies to batteries fitted in units with serial # range: VUESPD102082011000001 to VUESPD102082011001000

Hazard: Risk of product overheating and melting.

What to do: Check the model number and serial number. Stop using the product immediately if within the serial number range. Other serial numbers of this model are not affected. Please return the unit to your local WOW store for a replacement battery to be fitted free of charge. A reply paid envelope can be provided.
