

PRODUCT SAFETY RECALL

Inside Out Souvenir Beverage Cup

Sold at Event, Birch Carroll & Coyle and Greater Union Cinemas between 17 June 2015 and 12 July 2015

IDENTIFICATION:

Printed souvenir beverage cup with straw and blue lid featuring a flashing light feature within the lid

DEFECT:

The battery cover in the lid can be opened without the use of a tool or two simultaneous independent movements of the battery compartment. This could allow infants to access the button batteries inside.

HAZARD:

Swallowing button batteries can result in serious illness and even death. Button batteries also pose a choking hazard to young children.

ACTION REQUIRED:

Stop using the cup and safely dispose of the blue plastic lid and batteries only. Please retain the cup and complete the recall form and customers will then receive an e-voucher to redeem a small popcorn and small drink in exchange for returning the Inside Out Souvenir Beverage Cup.
