

# Product Safety Recall

## Briggs & Stratton branded 3000PSI Pressure Washer Surface Cleaner

Sold through various hardware, mower and equipment retailers  
between 1 June 2012 and 31 March 2016

Recalled models have “3000PSI” molded into the plastic housing.

**Defect:** The surface cleaner’s spray bar can break and detach from the central hub, causing the spray bar/nozzle assembly to strike and/or break the unit’s plastic housing.

**Hazard:** The spray bar/nozzle assembly and/or pieces of the broken plastic housing can strike a consumer, posing an injury hazard.

**What to do:** Stop using the product immediately and contact a local dealer or Briggs & Stratton for a free replacement.
