

Product Safety Recall Notification

CUSTOMER NOTICE

Affects products supplied by Smart Home Products Pty Ltd to;

- Bunnings Warehouse
- Mitre 10
- Stratco
- Home Hardware
- Thrifty Link Hardware

HAZARD

Incorrect installation instructions supplied with;

- **Chain Driven Roller Blinds, and,**
- **Cord Operated Curtain Tracks**

Please disregard all references to the 1.6 metre tensioning height from the floor that is currently specified.

If products are installed incorrectly looped bead chains or other flexible looped devices may present a strangulation hazard to children.

ACTION:

Product tensioners should be mounted to the wall in a vertical position and the cord **MUST BE** tensioned to aid in the prevention of potential hazards.

Please contact Smart Home Products to obtain up to date Installation Information relating to Tensioning of product cords/chains.
