

ELECTRICAL SAFETY RECALL

8 Socket Surge Protected Power Board – Black/White

Musicway Corporation Pty Ltd
CONNEXIA 55023/CONNEXIA 55021

IDENTIFICATION:

Musicway Australia is recalling CONNEXIA 55023 and CONNEXIA 55021 Power Boards sold between May 2015 and May 2016 with date code 04/15. The product was sold online through Catch of the day.

DEFECT: During use, there is a risk the unit can overheat resulting in the outer casing melting and insulation break down.

HAZARD: Risk of fire and electric shock

ACTION REQUIRED: Stop using the power boards immediately, unplug all the equipment from the power boards, switch off the power at the socket outlet and unplug the power boards. Customers will be contacted directly via email and provided details on the correct disposal of the affected products and will be refunded directly by the retailer.
