

Product Safety Recall

FROMWOOPWOOP GUMNUT CANDLE HOLDER

Defect The assembled wooden candle holder may catch fire. The product is covered by the permanent ban on combustible candle holders, as set out in Consumer Protection Notice No.12 of 2011 Permanent ban on combustible candle holders. This ban covers objects that are designed to hold or decorate a candle and which ignite and continue to flame for at least 5 seconds when subjected to flame or heat emanating from a candle.

Hazard Potential burns, serious injury or death can occur if the candle holder catches fire.

What to do The candle holder should be returned to the place of purchase for a full refund.
