Dishwashers

Hagemeyer Brands Australia Ltd t/as Omega Appliances is continuing its voluntary safety recall of certain Omega and Smeg dishwashers which began in October 2004.

SERIAL & MODEL NUMBERS

Affected dishwashers were manufactured between November 1998 and May 2003 and have a 9-digit serial number ending in 0, 1, 2, 3, 8 or 9. Some of these dishwashers were sold after May 2003.

These models are fitted with a component, which in a small number of cases could overheat, leading to the failure of the dishwasher and possible water, smoke and/or fire damage.

IF YOU HAVE NOT ALREADY HAD A SERVICE CALL TO REPLACE THIS COMPONENT, THEN PLEASE:

Record the model number and 9-digit serial number located on the inside edge of the dishwasher door on the right hand side (appearing after the letters SER).

AND

**Call our toll free hotline – 1800 180 347
(9AM to 5PM EST Monday to Friday).**

If you are unable to locate the model and 9-digit serial number please call our toll free hotline on the number shown above.

A service call to replace the affected component will be arranged free of charge.

PLEASE NOTE THAT OMEGA AND SMEG DISHWASHERS MANUFACTURED PRIOR TO NOVEMBER 1998 AND AFTER MAY 2003 ARE NOT AFFECTED.

See www.recalls.gov.au for Australian Product Recall Information.
