

April 19, 2011

Dear Mercury Racing Customer:

Thank you for your purchase of a boat powered by Mercury Racing. We appreciate your business and hope you are enjoying your boat.

SUBJECT: Notice for Recall Under the U.S. Federal Boat Safety Act

SITUATION:

Our records indicate that you are the owner of a Mercury Racing engine(s) that is subject to this recall.

We have discovered that an engine fuel line can crack, and may rupture, spraying fuel into the engine compartment.

If fuel is sprayed into the engine bay in the presence of an ignition source, the fuel could start a fire or cause an explosion.

WHAT YOU SHOULD DO

Do not start the engine(s) or operate any electrical components until the affected fuel lines have been replaced. There will be no cost for the replacement to you. Contact your nearest authorized MerCruiser dealer to schedule an appointment to have the fuel lines replaced. Please refer to Mercury Racing Service Bulletin 2011-02 when referring to the Recall.

If you have sold the engine or boat please contact our Registration department at 1 920 929 5054 or e-mail us at registration_support@mercmarine.com to provide information on the new owner. Please refer to Mercury Racing Service Bulletin 2011-02 with your information.

WHAT WE WILL DO

Dealers will be notified to refer to Mercury Racing Service Bulletin 2011-02 for their instructions to satisfy the claim.

We apologize for any inconvenience this may cause you; however, we have taken this action to ensure that your boating experience will be enjoyable and trouble-free.

Sincerely,

Mercury Racing Service Department
