

Product Safety Recall

mistral[®] **PORTABLE AIR CONDITIONER**

Model Number:

MPAC60 – 9000 BTU COOLING

Product Information:

As a precaution Mistral is conducting a voluntary recall for this product sold exclusively in Bunnings warehouse stores in QLD, NT, NSW, ACT, VIC, TAS, SA between August 2007 and April 2009.

Hazard:

Fire.

Description Of Defect:

Use in extreme temperatures or for extended duration can cause the unit to overheat and in rare cases it may catch fire.

Consumer Action:

We recommend that customers cease use of the air conditioner immediately.

To ensure the ongoing safe operation of your unit, Mistral (GSM International) has arranged to carry out an inspection and upgrade to the air conditioner free of charge.

Simply phone 1300 373 993 between 8.00am–8.00pm EST to arrange for the product to be repaired at your nearest Authorised Service Centre.
