

Product Safety Recall

Affected Unit
The affected battery will have a round power button

**SOUNDBOKS (3rd Gen) Speaker with removeable battery - model BB3.1-2021
sold between 1 November 2021 and 31 March 2022
nationally and online by www.SOUNDBOKS.com.au and JB Hi-Fi**

Identification: This recall affects SOUNDBOKS (3rd Gen) Speakers sold with a removeable battery that is packaged with the speaker. The grill cover of the speaker comes in black, white, orange, red, or blue. The recall affects only the removeable battery, not the speaker. The affected model is BB3.1-202 and the affected battery has a round power button.

Defect: A fuse in the speaker's battery has been incorrectly mounted and may cause the battery to overheat.

Hazard: If the battery overheats, there is an increased risk of fire, which may result in serious injury, death or property damage.

What to do: Consumers should immediately stop using the speaker, remove the battery, and dispose of the battery safely. Consumers should then register on the SOUNDBOKS website <https://www.soundboks.com.au/battery-redemption.html#/> to receive a replacement battery. Consumers will be asked to provide evidence that the battery has been disposed of.

Contact: For more information, please contact Seabreeze Supply Co on 02 6639 5555 or support@soundboks.com.au.
