

# Product Safety Recall

Sitro Group Australia Pty Ltd is undertaking a voluntary recall of the Twin Portable Butane Cookers – Model No's. Buy Right - MPC2070, Gasmate PC2075 and PC2080 with a date of manufacture from 48/13 on the data label located on the rear of the product.

**Defect:** The overpressure safety device may not shut off gas to the burner if the butane cartridge canister is overheated. In addition, the risk of overheating increases if the product is not used according the manufacturer's specifications.

**Hazard:** If the defect occurs, there is a risk of explosion and fire.

**What to Do:** Consumers should stop using the product immediately. A replacement unit is currently being tested and finalised and will be ready in short order. Consumers can register to receive a replacement unit or they can contact Sitro Group Australia to discuss an alternative remedy. For further information, please call Sitro Customer Service Line on 1300 174 876 or Email: [productsafety@sitro.com.au](mailto:productsafety@sitro.com.au).

Sitro Group Australia is recalling the product to ensure the safety of our customers as an ongoing commitment to maintain the highest possible standards of safety and product quality at all times
