

Product Safety Recall

2016 Paratrooper style bicycle and 2017 i am free girl bicycle models Sold by iamfree.com

2016 Paratrooper style bicycle sold between between 31 July 2016 - 11 March 2017, frame number starting from ANS1604

2017 i am free girl bicycle sold between between 22 January 2017 - 09 September 2017, frame number starting from ANS1605

Defect: The 2 models of bicycles are provided with factory fitted mudguards and fork safety bolts in place. In some cases customers have removed the fork safety bolt and the mudguards. This is against the advice given on the bicycle user manual.

Hazard: If the safety bolt is not kept on the fork and if the fork breaks during use the rider may lose control and fall, possibly causing serious injury.

What to do: Please contact iamfree.com to have a replacement fork fitted.

Contact details: For further information consumers can contact iamfree.com on 03 9417 0406 or <http://iamfree.com>
