Electrical Safety Recall

Yamaha Music Australia Pty Ltd.

AC Adaptor PA-10 for mixer

AC Adaptor (230v 35w 18.5v 0.65A) supplied with the following Yamaha professional audio mixers:

- MG10
- MG10X
- MG10XU
- MG10XUF
- MG12XUK

Identification:

The adaptor's model number PA-10 can be found on the Yamaha label on the front of the adaptor. Only adaptors numbered with a date code between 2126 – 2319 are recalled. The date code is inscribed on the back of the adaptor.

Please see the list of businesses who sold this product on the [Product Safety Australia website](#).

Why the product is recalled: The casing of the adaptor can develop a crack which can expose the live electrical contacts inside.

Hazard: There is a risk of electric shock, serious injury or death if internal electrical contacts are exposed.

Action required:

Consumers should stop using the adaptor immediately and disconnect the plug from the power outlet and the audio mixer.

Consumers should contact Yamaha via the online portal to arrange a free replacement.

For further information

For more information, consumers can contact Yamaha on 1800 331 130 (select option 1) or by emailing mpdorders_au@music.yamaha.com.
