

Product Safety Recall

Do you own this product?

5mm Neodymium Magnetic Balls

Dates sold: 01/11/2022 – 13/04/2023

Why the product is recalled: There is a permanent ban on small high-powered magnets.

This product contains small, high-powered magnets that exceed the maximum allowable magnetic flux set by the ban.

Hazard: Risk of serious internal injuries or death if a child swallows more than one small high-powered magnet as they can stick together across the walls of the child's intestine or other digestive tissue.

There is also a risk of young children choking on the magnets.

1. Consumers should immediately stop using the product.
2. Consumers should return or dispose of the product appropriately and contact Your Capability Store for a full refund.
3. For further information, consumers can contact Your Capability Store.

Ask our staff to find out more about the recall.
