Yamaha Music Australia — PA-300C AC Power Adapter in CL and CV pianos

PA-300C model AC power adapter built-in to the below digital piano products:

- CLP430B •CLP430WH •CLP430R
- CLP430M •CVP601B •CLP430PE
- CVP601PE

Dates sold: 1 July 2010 – 30 November 2014

Why the product is recalled: The adaptor may overheat and catch fire when used.

Hazard: There is a risk of serious burn injuries or death if the adaptor catches fire. Incidents have occurred.

What consumers should do:

1. Stop using the adaptor immediately and disconnect it from both the power outlet and the product.
2. Register the affected adaptor via the [Yamaha online portal](#).
3. Yamaha will arrange for an authorised Yamaha service agent to replace the adaptor free of charge.

Ask our staff to find out more about the recall.
