

Product Safety Recall

Do you own this product?

Marine Power International, LLC — 450R V8 Racing outboard engine and 500R V8 outboard racing engine

V8 outboard engines for boats.

Models	Serial Number Range
450R	1E083006 – 1E099696
500R	1E099432 – 1E102508

Dates sold: 1 January 2019 – 29 April 2025

Why the product is recalled: The air vents of the affected engine cover may allow for fingers to be placed through the air vent gaps.

Hazard: There is a risk of serious injury including amputations or lacerations to fingers if placed through the air vents. Injuries have occurred.

What consumers should do:

1. Stop using the boats with the affected engine and contact an authorised Mercury Marine dealer immediately.
2. An authorised Mercury Marine dealer will arrange for a bezel assembly to be installed over the air vents at no cost.

Ask our staff to find out more about the recall.
