

# Product Safety Recall

## Do you own this product?

### Thule RideAlong child bike seat

Child bike seat for rear of bike with Thule RideAlong branding.

Model numbers: 100106 – 100108

Affected manufacturing dates: March 2021 – October 2023

Seats manufactured on or after 1 November 2023 are not affected by this recall.

Dates sold: 1 March 2021 – 31 October 2023

**Why the product is recalled:** The flame retardant Decabromodiphenyl ether (DecaBDE) has been detected in the harness padding at levels that may pose a health risk during long-term exposure/ingestion.

**Hazard:** There may be a health risk, including thyroid, neurological or liver illnesses, in the event of long-term exposure to the skin and/or eyes or high level ingestion of the DecaBDE.

Consumers should stop using the product immediately. Consumers should check the label on their seat to identify if their seat is affected. Consumers with affected products will need to register their product at [www.thule.com/recallthuleridealongerow](http://www.thule.com/recallthuleridealongerow). Thule AB will provide a free return box so consumers can send the affected harness padding to Thule for a free replacement of the harness padding.

For more information, consumers can contact Thule at [thuleridealong.erow@thule.com](mailto:thuleridealong.erow@thule.com).
