

Product Safety Recall

Customised Liquid Glitter Phone Cases

**Sold by various online retailers between
8 August 2019 and 14 January 2021**

Identifying Features: Customised plastic phone cases with a quicksand heart glitter filling. Made for iPhone 7/8, SE, X/XS, XR and XS Max. Available in gold, pink and silver.

Defect: If the plastic phone case is cracked or broken, the fluid contained in the case may leak out.

Hazard: Prolonged contact with the fluid from the phone case may cause skin irritation (redness, soreness and rashes) or chemical burns. If the fluid or glitter is swallowed or enters the airways, it can cause serious injury or death.

What to do: Dispose of the phone case safely and contact the place of purchase to organise for a full refund. If the phone case fluid gets onto your skin, wash with warm soapy water. If you swallow the fluid, or experience skin irritation or burns, immediately seek medical attention. For further details, contact Printful Inc on recall@printful.com.
