

# Product Safety Recall

ACP Magazines Ltd is conducting a voluntary recall of "The Happy Baby Cookbook" (ISBN 978-1-86396-959-8).

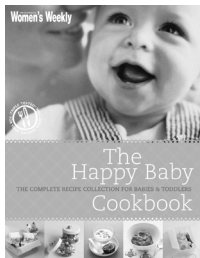

Some of the recipes in the "food for pregnant women" chapter contain ingredients that the NSW Food Authority advises may be harmful to pregnant women and should be avoided.

The book was on sale nationally through major book retailers and selected newsagents from 4 August 2009.

Customers should return copies of the book to ACP Magazines and will be provided with a full refund (plus postage costs) by sending to:
