

URGENT MEDICINE RECALL

- APO-Valsartan 40mg tablets
(AUST R 185806)**
- APO-Valsartan 80mg tablets
(AUST R 185814)**
- APO-Valsartan 160mg tablets
(AUST R 185821)**
- APO-Valsartan 320mg tablets
(AUST R 185826)**

Apotex Pty Ltd, following consultation with the Therapeutic Goods Administration, is recalling all batches of APO-Valsartan due to trace amounts of N-nitroso-diisopropylamine (NDIPA) impurity detected in these products.

NDIPA belongs to the N-nitroso chemical class, known to contain mutagens and carcinogens. Based on the information available to Apotex to date, Apotex expects the health risk from use of these tablets is very low. The tablets are being recalled as a precaution.

Customers are asked to return any APO-Valsartan to the place of purchase for a refund and to discuss replacement options. Please consult your doctor or pharmacist before stopping or changing your medication.
