

Product Safety Recall

Thames and Kosmos Ooze Labs Magnetic Slime

Sold in stores nationally

Between 01/10/2017 and 27/03/2018

Defect: The product does not comply with the mandatory safety standards for toys containing magnets, 'Consumer Protection Notice No. 5 of 2010'. A small magnet is included with the kit.

Hazard: If a child swallows the magnet and another magnetic object there is a risk they may stick together across the child's intestinal wall or other digestive tissue, which can lead to internal injuries or even death. The magnet may also pose a choking hazard to small children (small parts).

What to do: Consumers should return the product to the place of purchase for a full refund. For further information consumers can contact Science & Nature on 1300 991 619.
