

Product Safety Recall

HopStop Spray Control for Cane Toads

BATCH 0411/A ONLY
300gm aerosol spray can

Sold February 2011 – August 2011

Defect A structural fault has been detected in a small number of cans of Batch 0411/A that may result in leaking or discharge of contents.

Hazard Escaped materials may be irritating and/or flammable, especially in confined spaces.

What to do Persons with cans of HopStop should check the bottom of can for batch number. Only Batch 0411/A is subject to this recall. Cans with this batch number should be returned to point of sale for free replacement or refund of purchase price.
