

PRODUCT SAFETY RECALL

Q0801419

Five hundred (500) gram product packed in a white tub with red lid and labelled as **Castrol Boating Grease**.

If you have purchased a product labelled **Castrol Boating Grease** in a five hundred (500) gram tub since the 26th October 2010 which has **Q0801419** stamped on the rim of the white tub, this product has been incorrectly labelled and contains another type of grease which is not suitable for boating applications, such as trailer wheel bearings, steering cables and propeller spines.

HAZARD

Using the incorrect product may result in detrimental performance and potential mechanical failure if mixed with other greases or used in severe wet applications. Castrol is currently investigating the extent to which this product has been incorrectly labelled.

WHAT TO DO

If you have purchased or already used the incorrectly labelled product, please immediately stop using the grease and any component in which it has been applied and please call the number below.

For assistance with all matters related to this recall please contact the number below.
