

# Product Safety Recall

## Flood Tile & Laminate Paint Brush Cleaner & Thinners 1L and 500mL

All units of Flood Tile&Laminate Paint Brush Cleaner & Thinners, in both the 1L and 500mL size (“the Product”), are being recalled. The Product was sold from August 2013 (1L size) and November 2014 (500mL size).

**Defect:** The child-proof cap may not be adequately secure and, in some cases, may be openable by a child.

**Hazard:** If the product is not stored out of reach of children as directed, young children may be able to open the container and come into contact with or consume its contents, which are poisonous and corrosive. Contact with the contents may result in injury or irritation to the skin and eyes, and to mucous membranes, respiratory tract and lungs in case of inhalation. Ingestion of the contents may result in poisoning injury or even death.

**What to do:** Handle the product in accordance with the safety instructions on the tin, and either use all of the contents immediately, or secure the lid as tightly as possible, put it in two layers of securely closed plastic bags, and return it to the place of purchase for a refund. In case of any contact with the contents, follow the first aid instructions on the container carefully.

**Contact Details:** PPG Industries Australia Pty Ltd (ACN 055500939), 9 Birmingham Ave, Villawood, NSW 2163; Telephone Customer Service - Technical Department on 131 686; or via email at [john.willis@ppg.com](mailto:john.willis@ppg.com) or go to [www.floodaustralia.net](http://www.floodaustralia.net)
