

Oztrail Leisure Products—The Anywhere Stove

PRA number: TBA

Date published: TBA

Product information

Product description

Portable Butane Gas Stove

Identifying features

Oztrail OZ2160 with the serial No. 2014080 0001 to 2014080 4002.

The serial number is located on the data label on the back right of the cooker.

What are the defects?

The overpressure safety device may not shut off gas to the burner if the butane cartridge canister is overheated. In addition, the risk of overheating increases if the product is not used according to the manufacturer's specifications.

What are the hazards?

If the defect occurs, there is a risk of explosion and fire. Note: Explosion risk is not applicable when CRV / Explosion proof canisters are used.

What should consumers do?

Consumers should stop using the product immediately. A replacement unit is in the process of being tested and certified to meet newly established safety requirements. AHM Ltd is the manufacturer of this Oztrail product and is handling the processing of this recall on behalf of Oztrail. Consumers can register to receive a replacement cooker from AHM by sending an email to enquiries@ahm.co.nz or they can contact AHM Australia to discuss an alternative solution. For further information, please send an email to AHM or call on 07 3208 1233. Concerned customers can arrange for the return of their OZ2160 model stove to AHM for a free safety check regardless of the batch or manufacture date. Contact AHM for details about this process.
