

VOLUNTARY RECALL FOR BBB ROADKING PEDALS (BPD-09 AND BPD-09TI)

BBBcycling has identified a potential safety issue with respect to our RoadKing road pedals BPD-09 and BPD-09Ti. The axle of the pedal can break, posing a fall hazard.

These pedals are sold at specialist bicycle shops from December 2013. Consumers should stop using the pedals and return them to the bicycle shop where the pedals are purchased for a full refund.

At BBB, we design bicycle parts and accessories for cyclists by cyclists. On behalf of all employees we apologize for the inconvenience and we thank you in anticipation for your cooperation.

For questions and further information you can contact the BBB distributor in your country. See www.bbbcycling.com/contact.
