IMPORTANT RECALL INFORMATION

OF SHIMANO MECHANICAL DISC BRAKE CALIPERS FOR ROAD BIKES: BR-CX75, BR-R515 AND BR-R315

We have identified a potential performance issue with respect to our mechanical disc brake calipers for road bikes sold after February 2012. The affected models are: BR-CX75, BR-R515 and BR-R315. No injuries have been reported, but we are voluntarily recalling the affected brake calipers, and are replacing them with improved calipers in which the performance issue no longer exists.

The brake calipers affected by the recall are:

BR-CX75

BR-R515 (Black)
BR-R515 (Silver)

BR-R315 (Black)
BR-R315 (Silver)

How to distinguish the model no.:

Replacement brakes have a new model no. and are marked by a white circle on the cap.

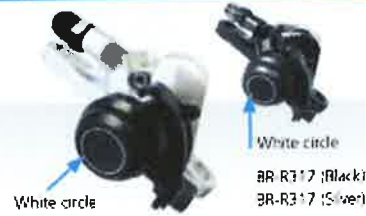

White circle

BR-CX77

White circle

BR-R517 (Black)
BR-R517 (Silver)

White circle

BR-R317 (Black)
BR-R317 (Silver)

Remedy/Contact: Consumers should immediately stop using bicycles with the recalled brake calipers and bring them to a Shimano authorized retailer in your area for a free inspection and installation of replacement calipers.
