GlaxoSmithKline Consumer Healthcare Australia Pty Ltd, following consultation with the Therapeutic Goods Administration, is recalling the above batches of Children's Panadol Years 5-12 Suspension Strawberry (200mL) and Children's Panadol 5-12 Years Suspension Orange (200mL) due to the possibility of a small quantity of particulate contamination in an ingredient that is used to manufacture the products listed above. This recall is limited to these three batches only.

The particles may not be visible in the product and we have not received any complaints concerning these batches. This recall is a precaution to avoid any potential for the product to cause an allergic reaction in a child and/or to adversely impact the product shelf life.

No other variant, batches or pack sizes of Children's Panadol are affected by this recall.

The batch number and expiry date are located along the bottom of the label on the bottle, or embossed on the base of the outer box.

If you have a bottle of any of the three batches listed above, do not use it. Return it to the place of purchase for a refund or call our customer service line for further information and support.
