

# Product Safety Recall

## Electrical Safety Recall

Ozito Industries Pty Ltd  
Petrol Inverter Generator  
Model number IGP-2018  
Batch number 2021/06

### Identification:

The model number IGP-2018 and batch number 2021/06 can be found on the information label on the generator.

36 affected generators were sold at Bunnings stores in WA between 1/12/2021 and 16/02/2022.

### Why the product is recalled:

The product does not comply with the Australian electrical safety standard. The neutral wiring of the socket outlet has been wired incorrectly.

### Hazard:

Risk of electric shock, which can cause serious injury or death.

### Action required:

Consumers should stop using the product and return the product to Bunnings for a refund or replacement, or contact Ozito to arrange for the generator to be re-wired, free of charge.

### For further information
