

# Product Safety Recall

## Do you own this product?

### 15A to 10A conversion lead supplied with certain UNIMIG welders

15A to 10A conversion lead, which allows the 15A plug on the welder to connect to a 10A installation socket-outlet.

Supplied with the following welders:

- UNIMIG Razor Multi 230 AC/DC Welder
- UNIMIG Envy TIG 230 AC/DC Welder

Please note that this recall only includes the conversion cable and not the welders.

Dates sold: 1 September 2022 – 25 February 2025

**Why the product is recalled:** The 15A to 10A conversion lead does not comply with the relevant Australian / New Zealand electrical safety standard.

**Hazard:** Risk of serious injury, death or property damage from fire and risk of serious injury or death from electric shock if the conversion lead insulation deteriorates.

1. Stop using the 15A to 10A conversion lead immediately.
2. Complete the product recall form found here: <https://unimig.com.au/product-recall/>
3. Consumers who need to use their welders with a 10A installation socket-outlet should contact UNIMIG for further instructions.
