Aeroflow Performance Low profile car ramps

Dates sold: 20/06/2019 – 11/05/2023

These low profile car ramps are used to raise lowered cars with body kits, including where a jack may not be able to be used. The car ramps are sold as a pair.

Ramp measurements: length - 685mm, width - 192mm, lift height - 65mm

Weight of each ramp 1.8kg

Rated load capacity: 1000kg

Why the product is recalled: This product does not comply with the requirements of the [mandatory standard for portable ramps for vehicles](#).

The ramps have not been provided with required instructions and required safety labels are not on the ramps.

Hazard: Risk of serious injury or death if the ramps are used incorrectly which may cause the vehicle to move or fall.

1. Stop using the product immediately.
2. Contact Aeroflow Performance on 02 8825 1999 or sales@aeroflowperformance.com.au to receive new instructions for use and safety labels for the product.

Purchased from various auto parts retailers.
