

Product Safety Recall

MDI International Pty Ltd — World's smallest alarm clock

A small electronic alarm clock containing a LR44 alkaline button battery.

Available in red or black colours.

Item code WT-WS/AC is located on the packaging of the product.

Dates sold: 1 July 2022 – 31 January 2024

Why the product is recalled: The product does not comply with the [mandatory standards for products containing button/coin batteries](#). The button/coin battery is not adequately secured and is accessible to young children.

Hazard: There is a risk of choking or serious injury if young children gain access to the button/coin batteries and swallow or place them inside their body.

Consumers should immediately stop using the product and keep it out of reach of children.

Consumers should return the product to the place of purchase to receive a full refund.

For more information or if you are unable to return the product, contact MDI International via sales@mdiaus.com.au or phone 07 3703 6688 (9:00 am to 4:00 pm Monday to Friday).

Purchased from: Please see list of traders on the [Product Safety Australia website](#).
