

Product Safety Recall

Do you own this product?

36V 10A DC-DC lithium battery charger

IP67 enclosed 36V 10A DC-DC charger for lithium batteries.

- Marine Performance Series branding
- supplied by Boating Lifestyle Adventure (BLA)
- part number 111164

Dates sold: 16 January 2023 – 20 November 2024

Why the product is recalled: Affected products can overheat and fail internally causing a voltage surge.

Hazard: Risk of serious burns injuries and property damage if the DC charger overheats. A voltage surge may damage sensitive equipment connected to the DC charger.

1. Stop using the DC charger immediately.
2. Contact your local BLA stockist for further instructions.
