Blackhawk4x4 Ultimate adjustable upper control arm

Component of vehicle suspension

- adjustable upper control arm (UCA)
- Part of front suspension assembly
- Designed for use in 4wd vehicles
- SKU – BHU3957R, BHU3841T, BHU3881H, BHU5251P, BHU4727D, BHU4981N

Dates sold: 1 June 2023 – 1 November 2024

Why the product is recalled: Affected UCAs may separate while in use which could lead to a loss of control of the vehicle.

Hazard: Risk of serious injury, death or property damage from a collision if the affected UCA separates while the vehicle is in use.

1. Stop using vehicles containing this product immediately.
2. Contact Blackhawk to arrange for installation of a replacement UCA free of charge.

Blackhawk resellers can order replacement products online for dispatch the following business day.
