

Product Safety Recall

Do you own this product?

Fisher-Price® Little Snugabunny Cradle 'n Swing and Fisher-Price® Dots & Spots Puppy Cradle 'n Swing

Electric powered infant swings with:

- Front to back and side to side motion
- 90 degrees of rotation
- 2 seat back positions
- folds up for storage.

Dates sold:

- Snugabunny Cradle 'n Swing: 1 January 2013 – 31 December 2014
- Dots & Spots Puppy Cradle 'n Swing: 1 December 2020 – 31 March 2023

Why the product is recalled: The product is not safe if used for infant sleep and/or if bedding material is added when in use as the head rest and body support insert can increase the risk of suffocation.

Hazard: There is a risk of serious injury or death from suffocation if the product is used for infant sleep and/or bedding material is added when in use.

There have been reports overseas of deaths involving infants when other Snuga Swing models were used for sleep. In most of those incidents, the infants were unrestrained and bedding materials were added to the product.

1. Consumers should immediately remove both the headrest (by cutting the tether) and the body support insert from the seat pad.
2. Mattel will provide a full product refund to consumers who remove and return the headrest and body support insert to Mattel. Mattel will provide a pre-paid label for their return.

Mattel Consumer Relations can be contacted by email at infoaust@mattel.com or by phone on 1300 135 312.

Purchased from:

Snugabunny Cradle 'n Swing: Various baby and toy stores

Dots & Spots Puppy Cradle 'n Swing: Target and Catch (of the Day)
