

Product Safety Recall

Do you own this product?

Vac-U-Seal vacuum sealer container 2.7L

Dates sold: 1 November 2023 – 9 November 2024

Why the product is recalled: The glass lid or the container can break from the pressure created from excess air being removed when using the Vac-U-Seal Vacuum Sealer Wand.

Hazard: Risk of injury from laceration if the glass lid or container breaks.

Incidents have occurred.

1. Stop using the product immediately and dispose of it appropriately.
2. Contact The Mix Australia to arrange a refund of their purchase price or a gift card to use in The Mix Shop.
