

Product Safety Recall

Do you own these products?

YETI Hopper M20 (backpack), YETI Hopper M30 1.0 (tote), Hopper M30 2.0 (tote), YETI Sidekick Dry (gear case)

Tote coolers, backpack coolers and gear case with magnetic closures (various colours).

Dates sold: 2 February 2019 – 3 February 2023

Why the product is recalled: The magnet-lined closures of these products can fail and may cause the magnets to be released from the closure.

Hazard: If more than one small high-powered magnet is swallowed, the ingested magnets can stick together across the walls of the intestine or other digestive tissue, which can lead to serious internal injuries and even death.

The magnets may pose a choking hazard to young children (small parts).

An incident has occurred in the United States where a young child swallowed a magnet from the cooler bag.

1. Customers should immediately stop using their YETI tote cooler, backpack cooler and gear case, and go to au.yeti.com for more details.
2. Customers may choose to return their product to their place of purchase for a refund or credit note, or directly to YETI for a cash refund or gift card with additional value.

For further information, consumers may contact YETI by phoning 1800 960 859 from 8:00 AM to 5:00 PM or email ANZProductRecall@yeti.com

Purchased from: Retailers and online directly to customers by YETI Australia.
