Electrical Safety Recall

BAR Group

MF2601 BE 26" Industrial Pedestal Misting Fan

240V / 50Hz / 260W / 3-Speed

Also sold with the following model numbers: 165
MF2601, PIN MF2601, and HW-26MC01

Identification:

Sold between 1 March 2021 and 30 January 2024 in various industrial, trade, agricultural, cleaning and automotive suppliers. See traders list on the [Product Safety Australia](https://www.productsafety.gov.au) website.

Why the product is recalled:

Disconnecting the cables or pipes to the fan, misting unit or the water pump will expose live parts.

Hazard:

There is a risk of death or serious injury from electrocution.

Action required:

Consumers should stop using the fan immediately and disconnect it from the power source.

Contact the place of purchase or BAR Group to arrange to have the fan repaired by a qualified technician or return the fan to the place of purchase or BAR Group for a full refund or replacement fan.

For further information
