**Defect:** The products contains small, high-powered magnets. The products exceeds the maximum allowable magnetic flux index set by the permanent ban on certain small, high powered magnets, prescribed in Consumer Protection Notice No 5 of 2012 'Imposition of permanent ban on small, high powered magnets'.

**Hazard:** If a child swallows more than one small high powered magnet, the magnets can stick together across the walls of the child's intestine or other digestive tissue, which can lead to internal injuries and even death. The magnets may pose a choking hazard to young children (small parts).

**What to do:** Consumers should immediately cease using the products and return the products to Light in the Box. To obtain a full refund consumers will need to provide the order details via [https://gw.lightinthebox.com/index.php?main\\_page=account&prm=1.18.54.0](https://gw.lightinthebox.com/index.php?main_page=account&prm=1.18.54.0)
