**Defect:** A small piece of plastic present in the tube (001969) or mouthpiece (001970) may become detached.

**Hazard:** Loose material in the snorkel tube or mouthpiece may be a choking hazard if inhaled or ingested.

**What to do:** Stop using your snorkel immediately and visit <https://replacement.arenawaterinstinct.com/> to register for arena to provide a replacement snorkel part and arrange collection of the defective parts, free of charge.

**Contact details:** Contact Summit Global on 02 9670 0600 for further information.

**See [productsafety.gov.au](https://productsafety.gov.au) for  
Australian product recall information**
