

Electrical Safety Recall

International Travel Adapter

NATA has been made aware that the travel adaptor provided to you as a gift is not compliant with regulatory requirements.

Product description

Travel Adapter for a.c. mains power accommodating EU, UK, Australia and US plugs and sockets and providing charging for three USB connectors and one USB type-c connector. Marked with the NATA logo.

Defect

The adaptor does not comply with the relevant mandatory electrical standard. The adaptor does not have an earth pin, but the socket allows for a three pin plug to be inserted. If a three pin plug is inserted, the connected equipment will not be earthed.

Hazard

Risk of electric shock, which can cause serious injury or death.

What to do

Consumers should immediately stop using the product and contact the National Association of Testing Authorities (NATA) on 1800 621 666 to arrange the return of the product at no cost to the consumer.
