2 March 2021 and 16 April 2021

Defect The button battery compartment of the products may not be adequately secured and the batteries may be accessible.

Hazard If young children gain access to the button batteries and ingest them, they may suffer internal burn injuries, which can result in serious illness and even death. In addition, the batteries may pose a choking hazard to young children.

What to do Consumers should immediately stop using the products and return the products to the place of purchase for either a credit or a full refund.
