

Product Safety Recall

Bombtrack Deck Front Bicycle Rack

Sold as an accessory or installed on Arise Geared 2019-2021,
Outlaw 2019-2021 or Beyond 2 2021 bicycles

**Sold by bicycle stores
between 3 August 2020 and 1 June 2021**

Defect

The bracket bolted to the bicycle may not keep the rack secure. The rack may come loose and fall onto the front wheel.

Hazard

If the rack falls onto the front wheel, this may cause an accident and serious injury to the rider.

What to do?

Consumers should stop riding their bicycle and contact the place of purchase to organise for a replacement rack to be fitted to their bicycle.

Contact details

Consumers can contact SCV Imports by email
