Sapro Australia is conducting a recall of the above products. The products have been available for sale at independent food retailers nationwide.

**Problem:** The recall is due to potential microbial contamination as a result of a canning failure.

**Food safety hazard:** Food products with microbial contamination may cause illness if consumed.

**What to do:** Consumers should not eat these products and should return the products to the place of purchase for a full refund. Any consumers concerned about their health should seek medical advice.

**For further information please contact:**
