Sold by Big W, Bing Lee, Catch of the Day, Cygnett.com, Harvey Norman, Leading Edge, Myer, Officeworks, Target, Telstra and The Good Guys between 1 November 2020 and 30 June 2021

Defect: The remote control's battery compartment is not adequately secured and the button battery in the product may be easily accessible.

Hazard: If young children gain access to the button batteries and ingest them, they may suffer internal burn injuries, which can result in serious illness or death. In addition, the batteries may pose a choking hazard to young children.

What to do: Consumers should immediately stop using the remote and store it out of the reach of children. Consumers should not return the product to the place of purchase, but instead fill out the form at <http://www.cygnett.com/pages/recallform> to request a replacement remote. The new remote will have a screw mechanism to secure the button battery compartment. Cygnett will also send a return envelope for the consumer to send back the old remote, so that it can be safely destroyed.

Contact details: Consumers should visit the Cygnett website at <http://www.cygnett.com/pages/recallform> and complete the online form.
