Defect The holes in the internal mesh of the swim shorts are too large. The swim shorts' drawstring is too long.

Hazard A child's genitals may become stuck in the holes in the internal mesh of the swim shorts, causing injury. The drawstring also poses an entrapment hazard.

What to do Consumers should stop using the swim shorts and return them to the place of purchase for a full refund, including postage.

Contact details Consumers should contact JustHYPE on orders@justhype.co.uk or via <https://uk.justhype.com/pages/contact>
