

# Product Safety Recall

## BIBS PACIFIER/DUMMIES

3 little birds — BIBS

**Defect:** The supplied label does not comply with the mandatory standard Consumer Goods (Babies' Dummies and Dummy Chains) Safety Standard 2017. The label is missing some of the required safety information.

**Hazard:** If the dummies are mislabelled and do not have the correct safety information, the dummies may not be used correctly, posing a risk to infants and small children.

**Choking:** The dummy should be inspected for damage and weakness as the teat or small pieces from the dummy may break off and become lodged in a child's throat. The whole dummy could also become stuck in a child's mouth and block their air supply posing a choking risk.

**Strangulation:** Attaching a dummy to your child's clothing with a ribbon or cord presents a strangulation risk if the tie wraps around the child's neck.

**What should consumers do?** Consumers should immediately contact the supplier for a copy of the correct information. For further information contact care services at 3 Little birds at [CS@3littlebirds.me](mailto:CS@3littlebirds.me)
